

GRAZINGPRO[®]

Helping you maximize grazing success

GrazingPRO is designed for producers who utilize an intensive grass-based production system and want to improve profitability.

Targeting the genetics important in grass-based systems

GrazingPRO sires transmit greater longevity, better mobility, moderate stature, high component yields and excellent fertility.

Helping you keep an eye on DPR and SCS

Particular emphasis is placed on health and fitness traits, including Daughter Pregnancy Rate (DPR) and Somatic Cell Score (SCS).
