

# SELECT COAT

WATER-RESISTANT COAT TO PROVIDE PROTECTION FOR CALVES DURING INCLEMENT WEATHER

## RESEARCH-SUPPORTED FEATURES AND BENEFITS

Proprietary insulation that wicks moisture away from the calf

- Provides superior thermal capabilities for warmth and reduces calf dampness

The outer shell has a double row of high density stitching and is made of high strength polyester with a urethane backing.

- Water resistant and durable in harsh conditions

A smooth, quilted inner lining

- Provides maximum comfort for the calf

Adjustable VELCRO® Brand brisket strap and quick release, elastic leg straps with heavy-duty plastic buckles

- Simple dressing and removal
- Simple to adjust for calf growth

Machine washable

- Ensures biosecurity between calves
- Maximizes usage

Available with single or double insulation

- No need to have two coats on calves in harsh conditions

## AVAILABLE PACKAGE SIZES

Select Coat - Small (ideal for Jersey calves)

- 31.5" from brisket to tail x 12" from topline to belly

Select Coat - Large

- 39" from brisket to tail x 16.5" from topline to belly

Both sizes available with single or double insulation

## STORAGE

- Store in a dry place
